

Welcome to Fur and Feather Outdoors  
Nebraska's Premier Outfitter!

Fur and Feather outdoors was created with the purpose to provide a no nonsense hunting service that will please the most discriminating sportsman. In a few short years we have established ourselves as a business that provides everything that we say and we do everything in our power to give every hunter an opportunity at a hunt of a lifetime!

Unfortunately everyone that comes out and hunts with us does not get to take a once in a lifetime trophy home with them but we do everything in our power to provide you with a once in a lifetime hunt. During 2009 we provided a 78% shot opportunity during our deer hunts, and approximately 85% of our business comes from rebook hunters. I truly believe this tells the story about our operation. Many of these hunters have hunted with us for many consecutive years.

Very few outfitters offer the diversification of hunts that Fur and Feather offers. This is a benefit to the hunter because we are not relying on one animal to make our business. By offering several hunts we never over hunt one animal. This is how we can run deer camps with as little as 4 hunters in camp on several thousand acres. By keeping the hunt numbers low we can provide a low pressure environment that provides ample shot opportunities. Plus we never over stress one animal we are after!

Britney and I realize that there are many great outfitters to choose from. We truly appreciate the opportunity that you have given us to provide you the experience you deserve, the experience you have paid for!

A camp ran by Hunters for Hunters!  
Both of the trophies pictured were taken in 2010. Britney and I both realize what it takes to be successful in the field. These hunts will be featured on one of Drury Outdoors new releases for 2010!
